NEW QUESTION: 3

Any organization may be impacted by legislative or regulatory change in the future. Where should this be covered?

- A. in a Change request
- B. in the Service Management plan
- C. in the Service Level Agreement (SLA)
- D. in the Business Relationship Management process

Answer: B

Explanation:

- A. Incorrect. A legislative or regulatory change may result in a Change request once the change happens, but the Service Management plan is the place to anticipate such triggers.
- B. Incorrect. The Business Relationship Management process is likely to gather the information about such changes but the Service Management plan is the place to anticipate such triggers.
- C. Incorrect. The Service Level Agreement may be impacted by such changes once they happen but the Service Management plan is the place to anticipate such triggers.
- D. Correct. The Service Management plan should cover Service Management processes and service changes triggered by events such as these.
