"I have just passed Juniper Design Associate exam and couldn't be happier!

### **NEW QUESTION: 1**

You have an Azure SQL database named db1.

You need to retrieve the resource usage of db1 from the last week.

How should you complete the statement? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

### **Answer:**

Explanation:

Explanation:

Box 1: sys.resource\_stats

sys.resource\_stats returns CPU usage and storage data for an Azure SQL Database. It has database\_name and start\_time columns.

Box 2: DateAdd

The following example returns all databases that are averaging at least 80% of compute utilization over the last one week.

```
DECLARE @s datetime;
```

```
DECLARE @e datetime;
```

```
SET @s= DateAdd(d,-7,GetUTCDate());
```

```
SET @e= GETUTCDATE();
```

```
SELECT database_name, AVG(avg_cpu_percent) AS Average_Compute_Utilization FROM  
sys.resource_stats WHERE start_time BETWEEN @s AND @e GROUP BY database_name  
HAVING AVG(avg_cpu_percent) >= 80
```

Incorrect Answers:

sys.dm\_exec\_requests:

sys.dm\_exec\_requests returns information about each request that is executing in SQL Server.

It does not have a column named database\_name.

sys.dm\_db\_resource\_stats:

sys.dm\_db\_resource\_stats does not have any start\_time column.

Note: sys.dm\_db\_resource\_stats returns CPU, I/O, and memory consumption for an Azure SQL

Database database. One row exists for every 15 seconds, even if there is no activity in the database. Historical data is maintained for approximately one hour.

sys.dm\_user\_db\_resource\_governance returns actual configuration and capacity settings used by resource governance mechanisms in the current database or elastic pool. It does not have any start\_time column.

### **NEW QUESTION: 2**

A stock life insurance company writing both participating and nonparticipating business must follow special accounting procedures under the laws of certain jurisdictions. The purpose of these special accounting procedures is to provide for:

- A.** Some jurisdictions require the filing of several of the statutory statement exhibits in three forms, one for the company as a whole
- B.** Any of these
- C.** A separation of accounting, so that profits applicable to participating and nonparticipating business can be appropriately determined
- D.** This is a critical process, since profits from participating business are regulated as to their distribution among participating policyholders and the company's stockholders

**Answer: C**

### **NEW QUESTION: 3**

Which statements listed below describe the data dictionary views?

- 1 . These are stored in the SYSTEM tablespace
- 2 . These are based on the virtual tables
- 3. These are owned by the SYS user
- 4. These can be queried by a normal user only if O7\_DICTIONARY\_ACCESSIBILITY parameter is set to TRUE
- 5. The V\$FIXED\_TABLE view can be queried to list the names of these views

- A.** 2,3,4 and 5
- B.** 1,2, and 5
- C.** 2,3 and 5
- D.** 1 and 3

**Answer: D**
