If you do not have enough time, our study material [CITM-001 Exam Cram](#) is really a good choice, I had high hopes of passing after using these dumps, but I wasn't so lucky, Secondly, since our OC-01 training quiz appeared on the market, seldom do we have the cases of customer information disclosure.

NEW QUESTION: 1

You have an Azure subscription named Subscription1. Subscription1 contains the resources in the following table.

In Azure, you create a private DNS zone named adatum.com. You set the registration virtual network to VNet2. The adatum.com zone is configured as shown in the following exhibit.

For each of the following statements, select Yes if the statement is true. Otherwise, select No.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation

Box 1: No

Azure DNS provides automatic registration of virtual machines from a single virtual network that's linked to a private zone as a registration virtual network. VM5 does not belong to the registration virtual network though.

Box 2: No

Forward DNS resolution is supported across virtual networks that are linked to the private zone as resolution virtual networks. VM5 does belong to a resolution virtual network.

Box 3: Yes

VM6 belongs to registration virtual network, and an A (Host) record exists for VM9 in the DNS zone.

By default, registration virtual networks also act as resolution virtual networks, in the sense that DNS resolution against the zone works from any of the virtual machines within the registration virtual network.

NEW QUESTION: 2

Sales management wants sales representatives to only have access to a few of the prebuilt reports available in the application. You have been asked to make this subset of reports available to the users with the Sales Rep role. What is the best way to accomplish this?

- A. Create a custom Reports Homepage layout and deselect the prebuilt reports that you do not want to appear on the page. Then, edit the role to associate the new layout.
- B. Create a custom Web applet for the Reports Homepage to provide links to only those prebuilt reports that you want to expose for the role- Then, edit the role to give access to the Web applet,
- C. Deselect the View Prebuilt Analyses privilege for the role. Open the prebuilt reports In Answers and save them In a Company Wide Shared folder. Then, give folder access to the role.
- D. Rename a Custom Object to Reports and add the appropriate prebuilt reports as child objects. Then, remove access to the standard Reports tab for the role.

Answer: C

Explanation:

To hide specific shared prebuilt reports and display others, clear the Access Analytics Reports - View Prebuilt Analyses privilege. This hides all shared prebuilt reports. Then to share specific prebuilt reports, go to Oracle CRM On Demand Answers, open the report that you want to share, and save it in a shared folder within Company Wide Shared Folder. Configure the shared folder visibility as needed.
